THE UNIVERSITY OF NEBRASKA AT OMAHA

Fact Book - 1988-89

OFFICE OF INSTITUTIONAL RESEARCH
June, 1988

This seventh edition of the University of Nebraska at Omaha Fact Book has been designed to present a variety of information and data, about the University, in a concise, easily used format. I hope this provides a profile of UNO that will expand your understanding of our institution.

I wish to thank the many individuals and departments at the University for their contributions to the Fact Book. Sources for the data are listed at the bottom of each table and illustration, and the cooperation of these sources made the project possible.

Finally, again we solicit your comments and suggestions on the Fact Book so future issues will be more helpful to you.

James Maynard
Director of Institutional Research
July 1988

UNIVERSITY LIBRARY
General Information

The University Library, a three-level building built in 1975 and located at the west end of the campus, offers many services to its users and contains materials and facilities for study and research. The collection includes approximately 574,500 volumes, over 1,000,000 microform items, and 7,000 pieces of audio-visual material. The total number of serials subscribed to is over 5,000, including almost 200 newspapers from around the world. As a government document depository, the University Library collects most federal and Nebraska state publications and also has documents from some other states and from the United Nations. Nearly all of the Library's collection is on open shelves and is arranged according to the Library of Congress classification system.

Non-Credit Programs

UNIVERSITY OF NEBRASKA AT OMAHA

NON-CREDIT PROGRAMS

College of Continuing Studies

The College of Continuing Studies (CCS) at UNO offers both credits and non-credit activities for persons wishing to continue their education. The College offers an extensive schedule of evening, summer, and off-campus credit classes for those who must work, but wish to pursue a college degree. CCS offers the Bachelor of General Studies degree, as well as non-credit programs and courses for those who have special interests. Conferences and institutes are offered, serving local and national professional groups and associations, and business, academic, and community needs.

Center for Applied Urban Research

The Center for Applied Urban Research (CAUR) provides professional services, including research and field studies, technical assistance, and educational programs, to communities and organizations. The Center also publishes a monthly review of their research and statistical findings that may be of interest to the public and various groups.

The Center for Urban Education, a part of the Center for Applied Urban Research, is an off-campus laboratory which focuses on economic, social, and educational problems of low-income areas and provides opportunities for students to tutor, attend scheduled classes, and become acquainted with the problems of both urban and rural low-income areas. The staff interacts with agencies and residents of low-income areas and participates in an interdisciplinary outreach of the University.

Nebraska Business Development Center

The Nebraska Business Development Center (NBDC) was founded in 1977 as one of eight pilot centers, known then as the University Business Development Centers. Since 1978, NBDC basic service centers have been established at the University of Nebraska-Lincoln, Kearney State College, Wayne State College, Chadron State College, Peru State College, Mid-Plains Community College in North Platte, and in Scottsbluff. The statewide coordination is provided through the Omaha center, located in UNO's College of Business Administration.

NBDC delivers management and technical assistance through its own staff, faculty of its member institutions, faculty of other colleges in the state, and through consultants from the private sector. NBDC's consulting services have focused on marketing management and financial management. There also has been substantial demand for marketing research and financial forecasting.

Through its workshops and seminars, NBDC provides the Nebraska business community continuing education in business management. The program for workshops and seminars is managed from the Omaha NBDC office.

In addition to its consultation and training programs, NBDC maintains support services for the benefit of both small business owners and its consultants and trainers. These include:

1. NBDC Report, which is a management brief published monthly and distributed to more than 20,000 business owners and managers in Nebraska;
2. A comprehensive small business library maintained at the NBDC office in Omaha;
3. Legal Aspects of Doing Business in Nebraska, a comprehensive guide for the business owner in Nebraska.

4. The NBDC Microcomputer Training Center teaches the use of personal computers to solve business problems, and served about 1,000 students in 1987.

5. The Nebraska Venture Group, a venture capital club devoted to helping foster an entrepreneurial climate in Nebraska.

The Nebraska Business Development Center has received national recognition for two special programs designed to reach special segments of the community, the Rural Communities Program and Women in Business.

Performance data for NBDC in 1987, show 84 training seminars delivered to 39 communities with about 3,200 participants. There were 338 long-term consulting cases and 985 short-term (more than one hour, less than 12 hours) consulting cases in 1987.
